Hello from Amazon Selling Partner Support,

I understand that your contact is regarding Error 5665.

We have completed our review and concluded that your brand meets our criteria for approval.

You can now create new ASINs using the brand name **IMLIS**.

As a reminder, any product that you list under this brand name must be an authentic **IMLIS** product.

If you are interested to further grow your brand on Amazon, then enroll in Amazon Brand Registry:

<https://brandservices.amazon.in/brandregistry/eligibility>

Note: If the **IMLIS** is already approved for GTIN Exemption, then follow the steps provided in your GTIN Approval case to list your products.

Please let us know how we did.
